11269 Cherry Ave, Cherry
Valley CA, 92223

A Full-Stack Web developer who uses previous experience in paramedic-level emergency medicine to bring a detail-oriented, critical-thinking mindset to my coding. Recently earned a certificate from the UCLA Extension Coding Bootcamp, with skills in the MERN stack, HTML/CSS, SQL, and OOP. Known as a problem solver with a knack for JavaScript, my experience coding has ignited a passion for developing concise and well documented code with a responsive and aesthetically pleasing UX. Strong skills in teamwork and communication under challenging conditions and deadlines are just some of the skills I bring to a team. I am excited to bring my problem-solving drive to a fast-paced team who provides an intuitive, aesthetically pleasing, and UX focused product.

EXPERIENCE

Nuclear Imaging Technologist – Insight Diagnostics

Fresno, CA – 05/2020 - 12/2020

Working with clients to administer medications and treatments to patients prior to testing. Traveling to various sites to oversee daily procedures.

- Explained complicated procedures via clear communication to a wide variety of clients.
- Gathered demographics, registered patients into a database system, and screened patients for risk factors.

Paramedic – Riggs Ambulance Service

Merced, CA – 06/2018 – 03/2020

Provided 911 service to the sick and injured. Worked with small teams and supervised larger teams in complex, high stress situations, while coordinating with other agencies.

- Training new-hires in company policies and procedures.
- Directly responsible for team safety using constant risk and hazard analysis.
- Worked within a tactical medical team, coordinating with multiple federal agencies.

EMT – B – Royal Ambulance

Santa Clara, CA – 07/2014 – 01/2016

Worked as a part of a critical care team providing multi-disciplined care with shared goals. Facilitated comprehensive and individualized care to patients.

- Learned how to provide mobile medical transports safely and in accordance with California's Code of Regulations.
